**About the role:**

This leading boutique patent firm seeks a strong IT patent attorney to join this well established private practice.

This inner city firm offers suitable candidates a unique opportunity to work in a collegiate environment alongside well respected partners, who have previously worked in top tier environments.

The role has arisen as a result of an increase in workloads, and this newly created role represents a strategic growth area for the firm.

The firm prides itself on its strong staff retention, and invests heavily in developing and mentoring staff members. The firm is well respected in the marketplace.

**What's on offer:**

The firm is committed to offer suitable candidates the following benefits:

- a competitive remuneration package;
- support for professional memberships and further tertiary study;
- the ability to work alongside reputable partners from top tier environments;
- a sustainable client base;
- an open door policy;
- a flat management organisational structure ;
- the ability to have autonomy;
- scope for career progression;
- a firm friendly collegiate environment; and
- a strong commitment by the firm to work/life balance

**About you:**

Suitable candidates will demonstrate:

- a minimum of 2 or more years post registration experience as an IT patent attorney;
- software, hardware, electronic, electrical engineering, and/or telecommunications experience;
- experience in drafting patent specifications;
- a keen interest in working with inventors and small to medium enterprises nationally;
- an ability to work with a high level of autonomy;
- client relationship skills; and
- sound communication skills.
